2026 - 2028

CDBG SCORING & PROJECTS

February 17, 2026

CDBG OVERVIEW

As part of development and community improvements, Clark County administers the Community Development Block Grant (CDBG) program. This program was designed to improve living conditions, increase economic opportunities, and assist low- to moderate-income populations.

togetherforbetter

2026 - 2028 CDBG APPLICATIONS

Approximately \$13.6 Million in funding available

- Approximately \$2.5 Million for Public Services
- Up to \$11 Million for Capital Improvements and other projects

Over \$24,000,000 in total requested

15 CDBG Applicants

(Note: Subject to HUD eligibility review)

Located in Unincorporated Clark County, City of Las Vegas, and City of North Las Vegas

2026 - 2028 FUNDING PRIORITIES

- Public Facilities Construction and Improvements
- Public Services (15% cap)
- Economic Development/Job Creation and Retention

together**forbetter**

CDAC TIMELINE

- **TONIGHT:** Watch presentations on applications and receive scoring instructions

- **Feb. 3 – Feb. 24, 2026:** All CDAC members will score application in ZoomGrants

- **Mar. 3, 2026:** CDAC meets to make final recommendations.

- **April 7, 2026:** Clark County Commission makes the final decision

APPLICANT PRESENTATION ORDER

- Behavioral Health & Family Stabilization Services for Justice Involved Youth
- Clinical Therapy for Foster Children & Homeless Youth
- Community Learning Center
- Empowering Employment for Veterans who Have Experienced Homelessness & People with Low Incomes
- Enhanced Kinship Navigator Program
- Family Bridge to Home Program

- Transitional Housing Project
- Transition Services, Inc. Collaborative Refuge

togetherforbetter

Solutions of Change

Behavioral Health & Family Stabilization Service for Justice-Involved Youth

Dinisha Mingo

- Public Service Activity
- Alignment with **Low-** and **Moderate-Income** Benefit – Limited Clientele (LMI & LMC)
- Strengthen mental health resiliency, build community-based support networks, and reduce inappropriate incarcerations, hospitalizations, institutional placements, and continued involvement in juvenile justice, child welfare, and other traditionally punitive systems, particularly for youth diagnosed with serious emotional disturbance and those who have experienced trauma.

togetherforbetter

Target Population / Project Beneficiaries

Low- and moderate-income youth ages 8–18 involved with juvenile justice/child welfare systems and their families including households experiencing trauma, housing instability, and economic hardship.

Estimated Number Served

Approximately 100 unduplicated individuals per program year

- 50 justice-involved youth/family units receiving counseling and supportive services
- 50 youth/family units participating in the YOUth Mental Wellness Summit.

Location

2310 Paseo del Prado, Building A,
Unit A101–03 Las Vegas, NV 89102

Serving multiple Clark County census tracts

Estimated Project Completion Timeline

Two-year project period: July 1, 2026 – June 30, 2028

CDBG Request / Percentage of Total Project Budget

CDBG Request: \$143,000 - Total Project Cost: \$393,000

CDBG represents approximately 36% of the total project budget

togetherforbetter

St. Jude's Ranch for Children

Clinical Therapy for Foster Children and Homeless Youth

Public Service Health Programs

CDBG National Objective

Primary Benefit to Low-to-Moderate Income

Limited Clientele – Foster Children and Homeless Youth

Goal Provide immediate access to clinical therapy for 60 youth experiencing crisis.

Therapy focuses on emotional stabilization, safety, and de-escalation of mental health distress.

A Community of Hope

togetherforbetter

Clinical Therapy for Foster Children and Homeless Youth

Target Population

Foster Children ages 7-18 residing at the Boulder City Campus

Homeless Youth ages 18-24 enrolled in one of our transitional and supportive housing programs.

Numbers to Be Served

60 youth (nonduplicated)

15 foster children & 45 homeless youth

Location of Services

Boulder City Residential Foster Care Campus

Las Vegas Walk-in Services Office at Sahara/Rainbow Blvd.

Project Timeline

12-month project period and at least 5 clients per month.

Job Creation and Retention

This project advances Clark County's CDBG Economic Development and Job Creation goals by expanding access to workforce programming for low- to moderate-income youth, strengthening local talent pipelines, and supporting long-term economic mobility. By delivering community-based programming that connects youth to emerging industries, Nevada Partners contributes to a skilled, future-ready workforce aligned with the region's evolving economy.

Project Goals:

- Expand equitable access to job-aligned training and career exposure in emerging industries
- Build structured pathways that lead to employment, industry credentials, or postsecondary education
- Strengthen local workforce pipelines aligned with Clark County's evolving economy
- Support long-term economic mobility for low- to moderate-income youth

Project Budget:

\$75,000, 23%

togetherforbetter

Target Population

The project will serve approximately 100 unduplicated youth ages 16–24 through career exposure and engagement activities. Up to 36 of these participants will be selected to participate in more intensive career pathway training through the STEM Center and Youth Empowerment Center. All participants will be low- to moderate-income (LMI) individuals residing in Clark County.

Beneficiaries will primarily include youth facing barriers to employment and economic mobility, including limited access to industry-aligned training, career exposure, and professional networks.

Project Timeline

July 2026 | Project Launch

- Grant execution & project kickoff
- Staffing alignment & final implementation planning

Aug–Dec 2026 | Planning & Program Development

- Curriculum & career pathway development
- Industry & postsecondary alignment
- Outreach, recruitment, & partnership development
- Integration with STEM Center & YEC expansion

Jan–Mar 2027 | Outreach & Enrollment

- Community outreach & youth recruitment (16–24)
- Information sessions, applications, & cohort selection

March 2027 | Youth Empowerment Center Opening

- Grand opening & launch of expanded workforce programming

Apr–Oct 2027 | Cohort 1 Implementation

- Career pathway training & workforce readiness
- Employer engagement, coaching, & monitoring

Nov 2027 | Cohort 1 Evaluation

- Outcome tracking & program refinement

Jan–Jun 2028 | Cohort 2 Implementation

- 2nd cohort training & continued workforce alignment

June 2028 | Project Close-Out

HELP USA, Inc.

Empowering Employment for Veterans Who Have Experience Homelessness and People with Low Incomes

- **Applicant Name:** Rosalie Mangino-Crandall
- **Type of CDBG Activity:** Public Services
- **CDBG National Objective:** Primarily benefit LMI persons/households
- **CDBG Project Goals:**
 - (1) Participants will be better prepared and have increased ability to obtain and retain employment and permanent housing and be mentally healthier.
 - (2) The community will have lower healthcare, public health, and criminal justice costs due to avoided behavioral health crises and lower unemployment and public benefits costs because more individuals will be employable.
- **Relevant County Plan Goals:** Maintain and expand activities designed to prevent and reduce homelessness; Provide community and supportive services

HELP USA

togetherforbetter

- **Target Population/Project Beneficiaries:** People from Clark County with low incomes living in HELP's Clark County: (1) transitional housing (shelters) for veterans experiencing homelessness or (2) permanent affordable housing

- **Est. Number Served:** 225 adults with low incomes, inc. serving 200 people via traditional supported employment services & 100 people via art therapy.
- **Location:** Serving HELP Genesis/Bonanza/Renaissance residents primarily at 1455 North Main Street, Las Vegas, NV 89101
- **Project Completion Timeline:** Begin 7/1/2026. End 6/30/2028.
- **CDBG Request: % Total Proj. Budget:** \$478,000. 100% of project budget.
- **Services:** HELP will offer **expanded and enhanced supported employment services**, including employment readiness training, job/career matching and search assistance, job skills training opportunities, licensing opportunities, post-employment supports (e.g. peer support groups, counseling), case management, **creative arts therapy**, and assistance with employment readiness costs.

HELP USA

Foster Kinship

Enhanced Kinship Navigator Program

CDBG Activity: Public Service

CDBG National Objectives: Low- and Moderate-Income Benefit

CDBG Project Goals: Serve 120 kinship families caring for children who have experienced abuse or neglect through an evidence-based Navigator Program that stabilizes family placements and prevents foster care entry.

- **Key outcomes:**
 - Legal capacity: 80%
 - Financial sustainability (including housing support): 80%
 - Community connection: 90%
 - Emotional support: 90%
- **Long-term impact:** Children remain safely with family, preventing child welfare involvement and generating approximately \$1.7 million in annual public cost savings.

togetherforbetter

Target Population: Low- to moderate-income kinship families in unincorporated Clark County caring for children who have experienced abuse or neglect.

Number Served: 120 kinship families raising approximately 216 children = 336 unique individuals.

Location: Services provided from Foster Kinship's Clark County office, in-home, or in the community; beneficiaries reside in unincorporated Clark County.

Project Completion Timeline: Navigator services operate year-round; all families served by June 30 of each grant year.

CDBG Request: \$150,000 annually (\$300,000 over 2 years).

Percentage of Total Project Budget: 4%

togetherforbetter

Family Promise of Las Vegas

Family Bridge to Home Program

- **Type of CDBG Activity:** Public Service – Provide short-term, non-congregate shelter and housing-focused case management to families with children experiencing homelessness, placing families in safe, scattered-site extended-stay motels and supporting their transition to permanent housing.
- **Alignment with CDBG National Objectives:** LMI Benefit
- **CDBG Project Goals:**
 - Keep families intact
 - Address barriers to employment
 - Increased housing stability & self-sufficiency

- **Target Population:** Families with minor children who are unsheltered or in immediate housing crisis.
- **Estimated Number Served:** 80 unduplicated families
- **Location:**
 - Headquarters: 3110 E. Twain Ave, Las Vegas, NV 89121
 - Motel/Shelter Locations: Scattered Site
- **Estimated Project Completion Timeline:** June 30, 2028
- **CDBG Request:** \$290,414
- **Percentage of Total Project Budget:** 55%

The Las Vegas Clark County Library District

Office-In-A-Bag Program for Southern Nevada Regional Housing Authority Residents

Type of CDBG Activity

- The Public Service Activity will contribute to the long-term social and economic betterment of SNRHA residents.

Alignment with CDBG National Objectives

- This project will benefit low-and moderate-income individuals by providing essential technology, entrepreneurial training, and structured pathways to self-sufficiency, thereby creating measurable economic opportunities that strengthen economic mobility.

Alignment with CDBG Project Goals

- The Office-In-A-Bag program will enhance economic opportunity and improve quality of life for SNRHA residents by equipping them with modern work tools, practical business skill-building, and guided support toward long-term independence.

The Las Vegas-Clark County Library District

Office-In-A-Bag Program for Southern Nevada Regional Housing Authority Residents

Target Population/Estimated Number Served/Location

- Adults aged 18 to 64, residing in six SNRHA communities.
- We aim to distribute ten (10) tech kits to unduplicated residents.
- The six (6) communities are: Marble Manor, Marble Manor Annex, Villa Capri, Jones Gardens, Sherman Gardens, and Sherman Gardens Annex.

Estimated Project Completion Timeline

- The Library District estimates the project be completed over an 18-month period, progressing from launch and outreach in month 1-2 through training, monitoring, evaluation, and concluding with program closeout and future planning in month 18.

CDBG Request/Percentage of Total Project Budget

- The Library District is requesting \$50,335, which is 100% of the total project (kits and programming) budget.

Southern Nevada Health District

SNHD's Mobile Health Van

CDBG Activity: Public Service

- Primary Care, wound care, immunizations, STI Testing and Treatment

CDBG National Objective Alignment: Benefit to Low- and Moderate-Income persons by delivering essential health services through mobile, community-based outreach to individuals experiencing homelessness and other underserved residents

CDBG Goal Project Goal Alignment: Expand access to primary, preventive, and public health services by meeting people where they are and reducing barriers to care for individuals experiencing homelessness and other low-income residents.

togetherforbetter

Target Population: Individuals experiencing homelessness and low-income residents with limited access to healthcare

Estimated Number of People to be served: Approximately 550 unduplicated individuals annually

Project location: Mobile Outreach to encampments, partnered community events, and community-based locations

Estimated Project Completion Timeline:

- Summer–Fall 2026: Project planning, technical specifications, and procurement
- Late 2026: Vendor selection, contract execution, and purchase order issued
- 2027: Vehicle production and medical build-out
- Late 2027: Vehicle delivery, inspection, and registration
- Early 2028: Mobile health van deployed into service

CDBG Request/Percentage of Total Project Budget: \$300,000 / 100%

The Just One Project

Workforce Development Program

Tristan Hightower Skidmore

Project Type:

- Public Service

Alignment with National Objectives:

- LMI Benefit – Limited Clientele

CDBG Project Goal(s):

- Provide individualized, employment-focused case management to help clients secure and retain sustainable jobs.
- Remove key barriers preventing clients from accessing or maintaining employment, such as a lack of identification, transportation, or work equipment.
- Enhance digital literacy and job readiness through hands-on training and workshops.
- Increase employment retention for participants who obtain employment through the program.

togetherforbetter

Target Population:

- LMI working-age unemployed and underemployed Clark County residents seeking stable or higher-wage employment.
- Eligible clients will also have documented barriers inhibiting employment, such as limited transportation or lack of identification.

Estimated Number Served:

- 200 unduplicated individuals annually.

Location:

- 1401 N Decatur Blvd Ste. 34, Las Vegas NV 89108
- Services open to qualifying Clark County residents.

Project Completion Timeline:

- Workforce Development is an active program.
- Funding will be implemented immediately upon award and will be utilized to provide services throughout the grant period, 7/1/2026 - 6/30/2027

CDBG Request/Percentage of Total Project Budget:

- \$75,000.00/36%

SCORING CONSIDERATIONS SHEET

CDAC CDBG Scoring Considerations Sheet

Question	Reference Question	Scoring Considerations	Scale
1. PROJECT DESCRIPTION. Provide a clear, detailed, and concise description of the project.	Use response to question 25 to score this question.	<p>High Scoring: Description clearly includes project purpose, specific activities, location, target population, and expected outcomes. Narrative is organized and establishes clear congruence across purpose, activities, population, and outcomes.</p> <p>Mid-Range Scoring: The project can be generally understood, but key details (such as activities or outcomes) are unclear or incomplete. Congruence across purpose, activities, population, and outcomes is not clearly established.</p> <p>Low Scoring: The project cannot be clearly understood from the information provided. Congruence across purpose, activities, population, and outcomes is not established.</p>	0-20
2. COMMUNITY NEED. What community need(s) will the project/activity address?	Use response to question 26 to score this question.	<p>High Scoring: The applicant clearly identifies a specific, well-defined community need. The description is focused and avoids vague or generic language. The need is clearly framed and understandable to reviewers unfamiliar with the community.</p> <p>Mid-Range Scoring: The applicant describes a general community need, but the description lacks specificity or relies on broad or vague language. The need is described, but context or framing is limited.</p> <p>Low Scoring: The community need is unclear, poorly defined, overly broad, or lacking context. The need is not clearly established.</p>	0-20
3. BENEFICIARIES. Who will benefit from this project/activity? Specify the projected number of unduplicated individuals to be served and provide demographic information on the target beneficiaries.	Use response to question 27 to score this question.	<p>High Scoring: Target population is clearly defined. The projected number of unduplicated individuals to be served is realistic and supported, with relevant demographic information provided. At least 90% of targeted beneficiaries will be from unincorporated Clark County.</p> <p>Mid-Range Scoring: Beneficiary information is provided but some details are unclear or unsupported (such as demographics or numbers served). Between 70% and 90% of targeted beneficiaries will be from unincorporated Clark County.</p> <p>Low Scoring: Beneficiary information is minimal or unclear, and projected numbers are unsupported. Less than 70% of targeted beneficiaries will be from unincorporated Clark County.</p>	0-20
4. PROJECT IMPACT. Describe the long-term impact of the project/activity, as well as how the project will measure impact; include measurable outcomes, outputs, goals and/or strategies. (Are costs reasonable relative to outputs/outcomes and the number of low-to-moderate income (LMI) beneficiaries served?)	Use response to question 28 to score this question.	<p>High Scoring: The applicant clearly describes the long-term impact of the project, including measurable outcomes, outputs, goals, and/or strategies. Measurement methods are clearly identified and aligned with the project's purpose and community need.</p> <p>Mid-Range Scoring: The impact is described, but outcomes or measurement strategies lack detail or clarity. The connection to the identified community need is present but not fully developed.</p> <p>Low Scoring: The impact description is limited or unclear. Outcomes are generic or not measurable, and evaluation methods are minimal or missing.</p>	0-20
5. PROJECT TIMELINE. Provide a project milestone timeline summary.	Use response to question 29 to score this question and the financial feasibility form (cost per client served) in the documents tab.	<p>High Scoring: Timeline includes clearly defined milestones, dates, and deliverables. Sequencing is logical and aligned with project goals. Timeline indicates feasible completion within one (2) years from project start.</p> <p>Mid-Range Scoring: Timeline is generally understandable but lacks detail in milestones or dates. Sequencing may be incomplete. Timeline indicates feasible completion past (2) years from project start.</p> <p>Low Scoring: Timeline is unclear, overly generic, or unrealistic. Milestones are poorly defined or not aligned with project goals. Completion within two years is uncertain</p>	0-20
